MIAMI TOWNSHIP CLERMONT COUNTY, OHIO

2024 BUDGET Township Budget Review

December 4, 2023

Township Budget Overview

Introduction

Thank you for the opportunity to present the 2024 Miami Township Budget. This year's budget reflects the hard work and dedication of all the departments that comprise the Township. It was developed through cooperation and with a focus on fiscal responsibility to our residents, while balancing that with the high level of services that they expect and deserve.

The Township's revenue remains stable as we continue to see new development and redevelopment occurring within our community. Our "end of year" fund balances are reasonable and responsible, despite the current impact of inflation and some of the challenges with supply chain issues that have continued since the start of the pandemic. The majority of our levies that support operations continue to cover the moderate increases that we have experienced in the cost of goods and services.

Our interest income has increased over the last few years, which has resulted in the overall growth of our revenue. We continue to anticipate high yields on our investments for the next few years as we can reinvest maturing certificates of deposit into options with higher yields. We will continue to watch the market closely and will be prepared to make recommendations for any adjustments that may be needed.

This year, the Local Government Fund went back to a five-year alternative formula. While this will produce slightly less revenue in 2024 than in 2023, it still represents an increase in revenue from previous years. This alternative formula is largely based on the population of the local jurisdictions, with a smaller component split equally among all jurisdictions after the County receives its disbursement.

The American Rescue Plan Act (ARPA) funds that the Township received continued to assist with extending the life of our levies by offsetting the costs of capital goods and infrastructure improvements. Currently, we have spent \$1.7 million of the \$4.5 million that was received. We also have \$1.7 million earmarked for various projects and roughly \$1.1 million remaining for future projects. These funds will need to be fully obligated by the end of 2024 and fully expended by the end of 2026. Staff will continue to observe and manage these funds judiciously and with the direction of the Board.

The Township departments continue to pursue grant funding to help offset the cost of operations and realize new programs and projects that can benefit our community. Here are just a few examples of 2023 grant funded projects:

• Our Police Department was awarded a grant from the U.S. Department of Justice to fund three new School Resource Officers (SROs) that will be stationed in the Milford Schools. The funds this grant will provide will cover the Township's portion of the cost of these officers, with the remaining funding being provided by the Milford Exempted Village School District.

Township Budget Overview

- Federal grant funding helped offset the cost of installing a direct-capture vehicle exhaust system at Fire Station 29 this year, which will reduce exposure to vehicle emissions to fire and EMS personnel.
- State ARPA grant funds provided the Township with the ability to fund a new full-time position for a Behavioral Health Specialist this year, whose focus will be on the overall health and wellness of our employees and their families.
- Ohio Public Works Commission funding supported infrastructure improvements to roadways in the Township, like Redbird Road, Sugar Camp Road, and Happy Hollow Road.
- A Community Development Block Grant provided us with the ability to install sidewalks along Business 28, which helps connect our residents and local businesses. Additional grants are being worked on to assist with installing sidewalks in other areas of the Township like Miamiville and along Wolfpen-Pleasant Hill Road.
- We partnered with Clermont County on a grant that will assist us with removing the two structures on the former Donohoo property on Wolfpen-Pleasant Hill Road at Bypass 28. Work is expected to be done sometime in 2024.

Staff will continue to explore future grant-funded opportunities and have already been working on grant applications late in 2023 that we hope will be realized in 2024 and beyond.

Trends and Overview of Township Staffing

The Township is no different than many of our local businesses and is going through an evolution of our employee population as our members are able to retire or desire to seek employment in different fields. The workforce in our country continues to evolve and reflects many changes and challenges as new generations enter the workforce, and tenured employees achieve the ability to retire. Currently, there are five generations in the workforce, which is unprecedented but exciting at the same time. We have the ability to have a level of information sharing and development that has never occurred before, and coupled with advances in technology, has resulted in huge advancements in the way we deliver services and connect with our community.

With the continual changes in our existing workforce and the challenges in recruiting new employees in today's economic climate, we continue to look at ways to maximize our delivery of services while right sizing our workforce. Part-time positions are constantly being evaluated and considered for consolidation into new full-time positions that allow for added flexibility and efficiency. The key is to remain focused on financial responsibility, and our staff works diligently to ensure that any recommendations of this type are fully vetted prior to making any recommendations to the Board.

Township Budget Overview

As previously mentioned, grant-funded opportunities are allowing us to add employees and services to our portfolio that improve our efficiency and allow us to adapt to the ever-changing needs of our residents and businesses. The addition of new School Resource Officers, a Behavioral Health Specialist, a Community Health Coordinator (Paramedicine Program), are all excellent examples of new ways that we are finding to engage with our employees and community.

This year also saw the retirement of some of our longest-tenured employees in the Fire & EMS Department, Recreation, and Police Department. We congratulate everyone who reached these milestones and thank them for their dedicated service to our community over many years.

As the workforce continues to evolve, we will continue to maintain our high standards and work hard to attract the most talented and qualified candidates to join our team. Our commitment to providing excellent services to our community will always be at the forefront of our hiring practices.

Township Financial Position

The budget is prepared in a conservative manner with an emphasis to not inflate revenues or understate expenditures. While there is potential that actual revenues and expenditures are more favorable than the estimates, it is important to note the Parks and Recreation Fund is projecting an ending fund balance of \$122,825 in 2024. As you will recall, the general fund transferred \$350,000 to the Parks and Recreation Fund in 2020 to allow a buffer for the levy to extend a bit longer. There was also the decision for the remaining debt service on the Civic Center to be absorbed entirely by the General Fund. These decisions, in addition to the use of Local Fiscal Recovery Funds from the American Rescue Plan Act, have allowed a few extra years out of the park levy authorized by voters in November 2004 at 1.5 mills.

This next budget year will be the 20th year of collections for the levy and due to the reduction factor, which accounts for property owners paying the same amount as they did when the levy was voted, the revenue generated from that 1.5 mills is less than what a 1 mill levy generates today. Should an additional parks and recreation levy is considered, an option could be to put on an additional levy at a much lower millage, as the current one is continuous and still has the homestead and rollback portion funded by the state. Projections on our safety services levies are reviewed on a regular basis for sustainability. The outlook is still favorable through 2025, which is the 10th year since a levy of this type has gone to the voters.

The next few pages provide analysis of the Township's current financial position, as well as summarizing historical and proposed budget information.

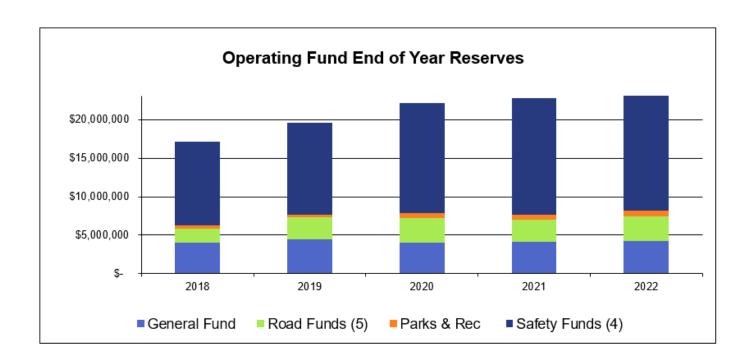

Township Budget Overview

The following table represents a summary of past year-end balances grouped by primary use.

Summary of Miami Township's Operating Funds End of Year Balances

Includes new 2.5 mil Safety Levy & Debt Issue \$4,365,000

Township Budget Overview

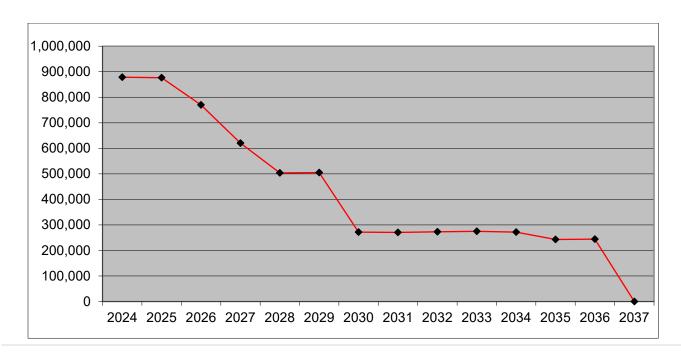

Overview of Debt Service

Miami Township continues to have a very low debt ratio for a community and budget of our size. Funds to repay existing debt and bonds will primarily come from payments in lieu of taxes (PILOTS) in our Tax Increment Financing Districts (TIF) or Residential Improvement Districts (RID). Our TIF and RID districts which have existing development are a steady, reliable source of revenue for public improvements, including permitted safety service and infrastructure projects. Our strong financial conditions have aided in a competitive Aa2 rating from Moody's. One of our older loans was paid off in 2022 and another one was retired in 2023.

The Township continues to use TIF districts as they were intended when working with developers for potential new commercial developments and required infrastructure improvements to support those investments. This means that any new bonds for infrastructure in support of those projects are covered by the payments in lieu of taxes that the developers would pay to retire any associated debt. Even with a record volume of capital projects proposed for 2024, we are not anticipating any new debt obligations to pay for them.

By using cash from the TIF funds in the current year, we were able to purchase the former Donohoo property on Wolfpen-Pleasant Hill Road for redevelopment without taking on any debt. This property will hopefully spur a larger economic development project over the next few years.

Township Budget Overview

This page summarizes the amounts of transfers, advances and reimbursements out (treated as expenditures in the detailed budget line items) and in (treated as revenue in the detailed budget line items) among various funds in the budget. Advances are expected to be repaid from the fund in which the advance was made. Reimbursements are related to Indirect Administrative Overhead, reimbursement of labor expense from the cemetery fund and funding of police and fire/EMS operations from the Safety Services levy.

Township Budget Overview

Overview of Capital Budget and Major Purchases

Each department has prepared a vehicle and equipment replacement schedule that is continually updated throughout the year. These schedules are located behind the "Capital" tab of this document for your reference. It is important to note that in some cases it can take months or years to build and outfit new vehicles such as dump trucks, ambulances, and fire engines. The current issues with supply and demand have driven some of these timeframes well beyond what they were in previous years. For example, our Police Department had their annual order of replacement cruisers cancelled by the distributor in 2023, which resulted in those replacements being pushed back to 2024. That will result in increased maintenance costs for the existing vehicles. Fortunately, our Police Department was able to put their order in late in 2023 for the 2024 vehicles, which will hopefully result in them being delivered as soon as they are available. Additionally, Fire & EMS had ordered two ambulance chassis in late 2022 that were unable to be delivered by the manufacturer in 2023. Both replacement ambulances are now slated for construction and delivery sometime in 2024, which puts them at almost two years for delivery from the date of order.

Ohio Public Works Commission funds have helped us offset the cost of "phase two" projects for both Redbird Road and Sugar Camp Road landslide repairs. As a joint project with Clermont County, we will realize 79% cost savings on this project, leaving 21% of the cost as our responsibility. The overall project will be \$516,000, so the Township will contribute \$108,500 as our local match.

We also have slated to begin the Fire Station 27 improvements in 2024, which will first require us to contract with an architect and engineering firm to look at the overall scope and design of the project. We previously had the 35-year-old building evaluated, including all relevant systems within the building, to help us determine the best option moving forward, as this building was previously built for the volunteer fire service that was in place at the time. We look forward to making a formal recommendation to the Board in 2024.

There are multiple other capital projects and purchases that you will see referenced in each department's portion of the 2024 budget, these are just a few highlights of the great work being done across all departments.

Overview of the Tax Increment Finance District (TIF) and Residential Incentive District (RID) Funds

The TIF & RID Funds will have a 2024 estimated beginning balance of \$6.5 million, which is \$500,000 more than the prior year. These funds have an estimated revenue from payments in lieu of taxes of \$7.7 million for 2024. After accounting for potential grant and other revenue, reimbursement to schools of \$4.3 million, payment to the County Transportation Improvement District and payment of debt service, there will be \$8,781,776 available for capital projects. A detailed spreadsheet has been provided that summarizes the TIF & RID revenues and expenditures by individual funds. This spreadsheet is a valuable long-term planning tool for future capital improvements.

Township Budget Overview

The property that is adjacent to Kohls on State Route 28 is currently being redeveloped and will generate new funds for that TIF district that are currently not earmarked for any projects.

Economic Development

- The world headquarters for Cold Jet on Wards Corner is moving to a bigger space across the street on TriRidge Blvd. in one of the former International Paper buildings. This redevelopment represents a \$4.9 million investment in Miami Township and will assist with the redevelopment of that industrial/business campus.
- The new Fieldchase Senior Living apartment complex is almost complete on Todd Farm Lane. This development will have over 120 units with single and double occupancy. Occupancy will start in the spring of 2024 and is aimed at attracting residents that are age 55 and older.
- Aldi's newest store will be opening in the summer of 2024 on the new Lorven Drive across from Kohl's. The Township is working to extend Lorven Drive to connect with the Al-Gor subdivision behind it so those residents can have easier access to SR 28.
 - o Additionally, Christ Hospital will have their access changed to be at the light instead of their current driveway. That will be modified to a "right in, right out" driveway.
 - o In front of Aldi, there will be a small retail restaurant site.
- The land that is being cleared adjacent to the Kohls property will be a Carriage House Car Wash and a Tire Discounters retail store. More development may be coming in the near future.
- The Township used TIF funds this past summer to acquire the former Donohoo property on Wolfpen-Pleasant Hill Road at Bypass 28 and is working with Clermont County on a grant that will assist us with the removal of the two houses on the property. This purchase is part of a larger economic redevelopment project that may include using additional TIF funds to purchase property along Business 28 in a few years.
- Rise Development is working on a project on the available property at U.S. 50 and Wolfpen-Pleasant Hill Road that will provide small business flex space. This case should be presented to the Zoning Commission shortly and should move forward quickly in 2024.
- All Hail the Biscuit and Pickles & Bones have combined spaces and are expanding hours of
 operation in their restaurant at 877 Business 28. They recently acquired a new commercial smoker
 that will afford them added capacity for their restaurant and catering businesses.

Township Budget Overview

- Midwest Best BBQ is working to expand their operations by opening a commercial kitchen facility on Wards Corner that will allow them to expand their catering business.
- Many other local retail and dining establishments continue to experience success as the economic climate continues to trend upwards. The challenge for many these days is the availability of employees to meet the demand they face.

Overview of Additional Township Projects

This year was another successful year for local roadway improvements, thanks to our Road Levy. We were able to pave twelve miles of Township roadway and replace 2,300 feet of concrete curb and gutter. For 2024, we anticipate paving eleven to twelve miles of Township roadway and expect to replace around 4,400 feet of concrete curb and gutter. Thanks to the support of our residents, the infrastructure of our community remains in great condition, and we expect that to continue in the years to come.

We have applied for the State of Ohio FY 2025-2026 Capital Bill Community Project Grant through the Clermont County Port Authority to improve the pickleball court facilities at Miami Riverview Park. Our application is currently under review, but we look forward to hearing back on it early in 2024.

Our Zoning Commission and the Board of Trustees formally approved the updated Land Use Plan in 2023, which is already assisting us with redevelopment efforts that will carry over into 2024. We will continue to work to attract new businesses and development to our community, while benefiting from the guidance and structure this plan provides.

Marketing efforts will also continue into 2024 to support the messaging to our community that "I Am Miami Township". New signage was installed on the SR 28 bridge over I-275 this year and we are already working on recreating a similar gateway sign on the Branch Hill-Miamiville overpass on I-275. We hope to see that project come to fruition over the next few years as ODOT continues to perform bridge improvements along 275. Additionally, we will be working to upgrade Miami Township signage at the Wards Corner exit shortly. The importance of establishing a sense of Township identity with our residents remains at the forefront of our marketing efforts and operations. Civic pride resonates with our employees, and we want to ensure our residents can share that same sense of hometown pride.

Net Revenue (Tax - School Reimb -A/T Fees) = 3,276,753

\$ 938,512

Notes and Assumptions:

All projects and costs are preliminary and tentative. Some projects are dependent on grant funding.

Total Annual Debt
Paid directly to Imbus

Future Potential Projects and Funding Sources

2024-2025 Potential Sidewalk Project: 131 to Greycliff and McCormick to Weber (Middleton Oaks #6120, Willows Bend #6130, S&S Development #6140)

2025 Sidewalk and engineering analysis SR 131/WPH (Greycliffs #6080 and Kroger #5100)

2028 TID Project Deerfield Rd & Woodville Pike Roundabout (Deerfield Pointe #6050) ~ \$50,000

2025 MEVSD Traffic Signal (Greycliffs #6080) $^{\sim}$ \$ 75,000

2026 Loveland Miamiville and Wards Corner Rd Widening TID (UDF Branchhill)

2027/2028 ODOT Branch Hill Miamiville Bridge (Middleton Oaks #6120, Willows Bend #6130) $^{\sim}$ \$500k

2024 BUDGET OVERVIEW

Capital Budget and Major Purchases

Below are capital improvements and major purchases proposed by each department. These include proposed purchases in 2024 and some carry-over purchases from 2023, which for a variety of reasons were delayed or deferred until next year. Several projects and purchases will be supplemented by grants obtained by staff.

The proposed purchases of vehicles and equipment are shown below by department and Fund.

Administration and Fiscal Office

General Fund

Civic Center:

- Facilities Study \$ 6,000 - Carryover

Electronic Sign Upgrades \$ 35,000 MTCC Admin Flooring Replacement \$ 16,000 MTCC Waterline Replacement See TIF/RID Gateway Signs at Wards Corner See TIF/RID

Service Department

Permissive Tax M.V.R. Fund

Annual Paving Program \$400,000

Motor Vehicle License Fund

Annual Paving Program \$ 90,000

New Road & Bridge Levy Fund

Annual Paving Program \$1,250,000

Gasoline Tax Fund

Annual Paving Program \$480,000

Road and Bridge Fund

Sugar Camp Road Stabilization Project – Phase II (See TIF/RID; 79% from OPWC grant)
Red Bird Road Stabilization Project – Phase II (See TIF/RID; 79% from OPWC grant)

SR 28, Sorrel, Roan Design/Engineering & ROW (See TIF/RID)
Fleet Services Bay Design & Build (See TIF/RID)

Replace 1 large salt truck (truck + build) \$225,000

Facilities study: Service, salt storage & small garage \$ 5,800 (carryover)

Retaining walls repairs \$140,000 (carryover of \$100,000)

½ ton Pick-up (replace Mechanics' truck) \$ 60,000 (carryover)

Cast 521G XR Wheel Loader \$173,650 (4 year lease & \$70,000 trade in)

Bobcat Mini-excavator \$ 78,000 (approx. \$35,000 trade in)

2024 BUDGET OVERVIEW

Cemetery Fund

Evergreen Cemetery Fence \$ 46,000

Park & Recreation Fund

Miami Riverview Tennis Court Repairs	See ARP #2902
Leming House Exterior Painting	See ARP #2902
Parks condition analysis & replacement plan from landscape architect	See ARP #2902
Miami Riverview Parking Lot Repaving	\$300,000
Miami Riverview & Paxton Ramsey Pavilion Roof Replacement	\$ 25,000
Ex-Mark 144: Cut Diesel Zero Turn Mower	\$ 66,400
Ferris 36" Deck Zero Turn Mower	\$ 8400

Replace Benches, Tables, & Trash Cans (as needed) \$ 12,500 (See ARP #2902) Replacement Grills (as needed) \$ 5,000 (See ARP #2902)
